

International Congress
on
Long Esophageal Gaps
Short Bowel Syndrome
15-16 June 2007

Website: : <http://www.klinikum-mannheim.de/ipsc2007>

Preceeded by the
5. International Workshop on
Hypospadias Surgery
„Dreams and Streams in Hypospadias“
13-14 June 2007

Website: www.hypospadias-congresses.com

Mannheim - Germany

Dear Friends and colleagues

It is with great pleasure that I invite you to the Mannheim Congress 07 due in June 13-16th, 2007. In Mannheim - Heidelberg University Hospital, we have always chosen one or two topics, invited world recognised pioneers and discussed the selected topics in depth.

This year, the Congress focuses on two topics: long esophageal gaps & replacement and short bowel syndrome. These two topics continue to constitute a major challenge to the Pediatric Surgeon all over the world. Once more, we are inviting the world pioneers to give an updated view on those two fields.

Before the Congress, the 5th International Workshop on Hypospadias will be held with live operations and tough discussions covering all related topics. This would be of great interest not only to Pediatric Surgeons but also to Urologists and Plastic Surgeons interested in the field of hypospadias.

The congress has a special meaning to me, as it coincides with my 65th birthday, the usual retiring age in Germany. I would like to take the chance to welcome you all as friends rather than as my mentors, colleagues and trainees.

Mannheim and Heidelberg has a lot to offer. As you know, Heidelberg University is one of the oldest universities in Europe. It was established in 1368. Kirschner, Röntgen, Wilms and many other pioneers worked in this famous University.

June is a good time of the year to visit Germany, with visits to the old city, the historical Heidelberg castle, river cruises on the Rhine River, wine tasting in famous wine fields and enjoying the good German food and hospitality.

Looking forward to seeing you all in June in Mannheim

Karl - Ludwig Waag

Organisation:

Karl-Ludwig Waag
Ahmed Hadidi
Ingo Jester
Konrad Reinshagen

- 17.30 PANEL DISCUSSION
- 19.30 Evening Event

Saturday, 16th June : Short Bowel Syndrome

- 08.00 Intestinal development during pregnancy
D Kluth, Hamburg

08.20	Discussion
08.30	Intestinal physiology, absorption & compensation <i>M Lentze, Bonn</i>
08.50	Discussion
09.00	Forms of enteral feeding in Short Bowel Patients <i>K-P Zimmer, Giessen</i>
09.20	Discussion
09.30	Non surgical management of short bowel syndrome <i>K-P Zimmer, Giessen</i>
09.50	Discussion
10.00	Coffee
10.30	Intestinal lengthening, a structured approach <i>A Bianchi, UK</i>
10.50	Discussion
11.00	Intestinal lengthening, Mannheim Experience <i>K-L Waag, Mannheim</i>
11.20	Discussion
11.30	Intestinal lengthening (STEP) <i>Kim, USA</i>
11.50	Discussion
12.00	Free papers
13.00	Lunch
14.00	Surgical recommendations in TPN <i>S. Loff, Marburg</i>
14.20	Discussion
14.30	Pitfalls & recommendations in TPN <i>M Krawinkel, Giessen</i>
14.50	Discussion
15.00	Small Intestinal transplantation <i>F Fusaro, France</i>
15.20	Discussion
15.30	Experimental potentials in short bowel syndrome <i>Z. Zachariou, Bern</i>
15.50	Discussion
16.00	Research potentials in short bowel syndrome <i>K-H Schaefer, Kaiserslauten</i>
16.20	Discussion
16.30	PANEL
17.00	Conclusion, closing remarks <i>K-L Waag, Mannheim</i>

Abstracts related to the following topics are welcomed:

- Hypospadias Surgery
- Esophageal atresia
- Short bowel syndrome

Please submit abstracts to:

Kar-Ludwig.Waag@kch.ma.uni-heidelberg.de

Important dates

Deadline for abstract submission: March 31, 2007

Deadline for early registration: April 30, 2007
